

What are Browser Cookies and why do I need them?

A cookie is a small data file that Web sites often store on your computer's hard drive when you visit their sites. A cookie may contain information (such as a unique user ID), that is used to maintain your information from page to page. We use cookies but do not store personally identifiable information in your cookie. If cookies are disabled, we will not be able to track your order or enable you to make a purchase from this site.

Allow Cookies in Internet Explorer 8

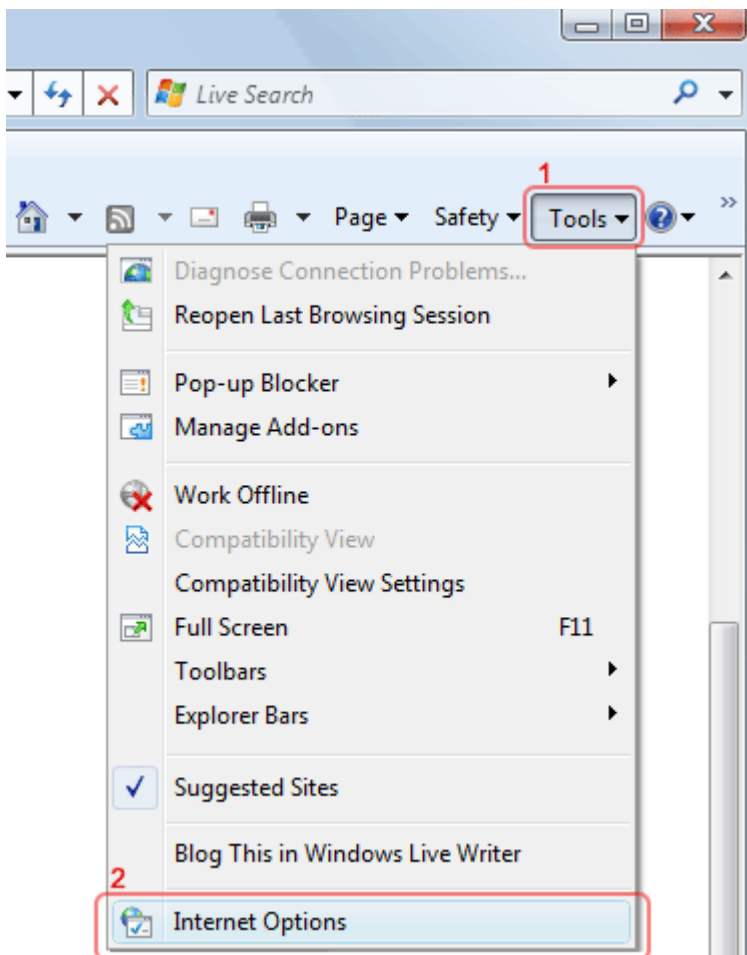

Follow the below steps to enable cookies for this web site.

Step 1:

From the file menu select "Tools".

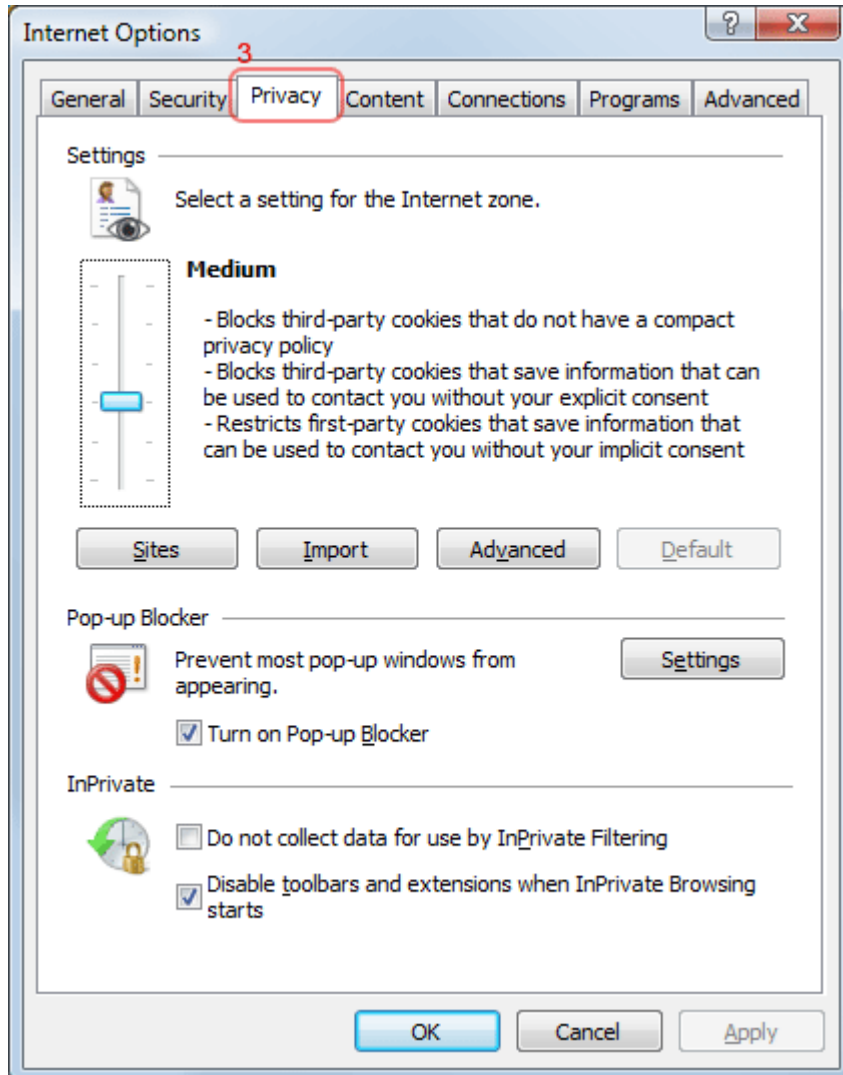

Step 2:

From the "Tools" menu select "Internet Options".

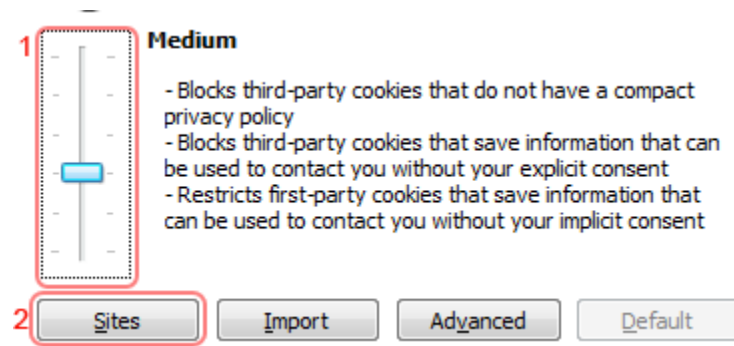

Step 3:

In the "Internet Options" window select the "Privacy" tab.

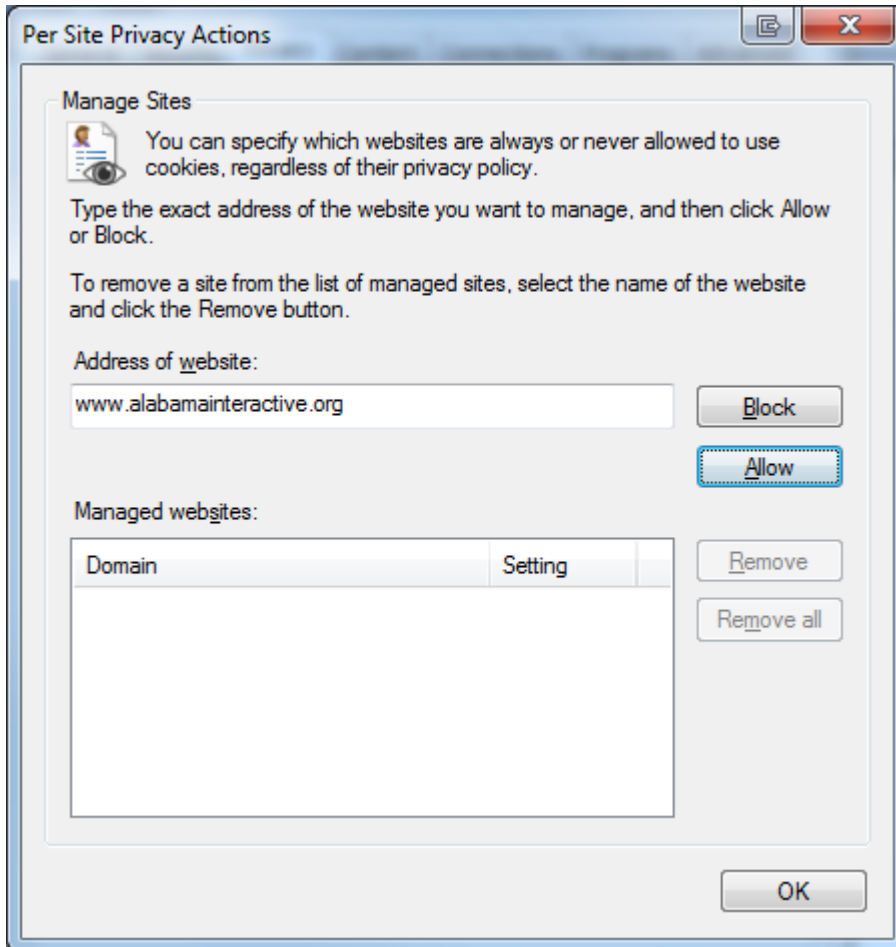

Step 4:

Click the "Sites" button to add this web site as an exception.

Step 5:

In the "Address of website:" box enter "www.alabamainteractive.org" and click the "Allow" button.

Step 6:

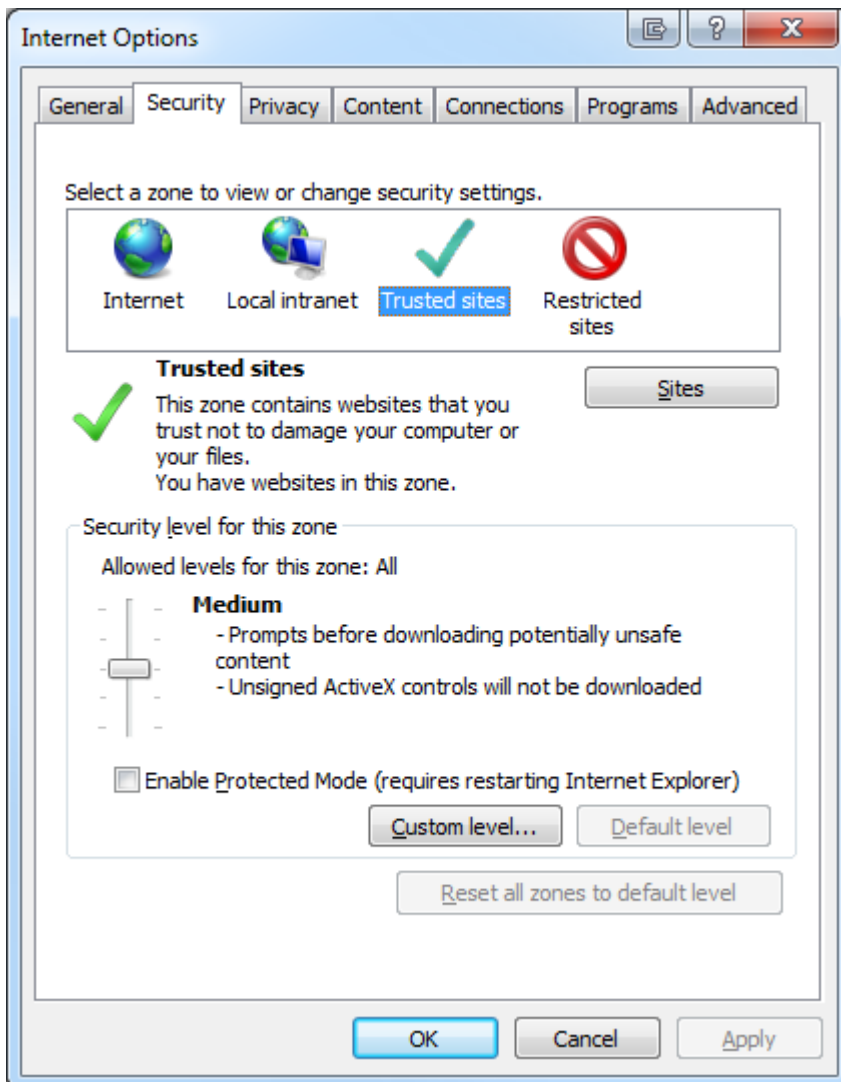

You should now be back at the "Internet Options" window.
Select the "Security" tab.

Step 7:

Click the "Trusted sites" icon.

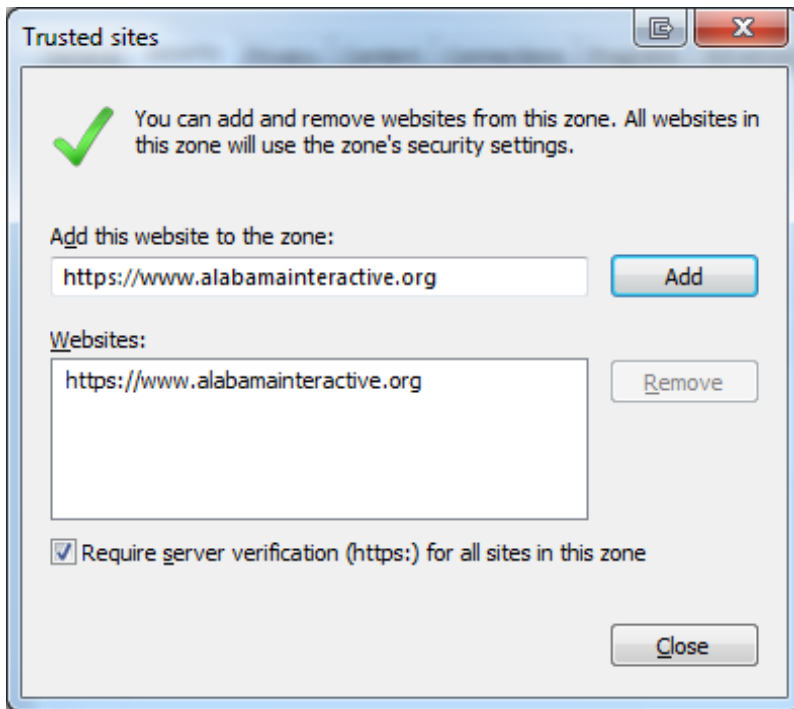

Step 8:

Click the "Sites" button.

Step 9:

In the "Add this website to the zone:" box enter "https://www.alabamainteractive.org" and click the "Add" button.
